Mrs. Claus will miss all of you this year since we won't be having our annual party. She wants everyone to stay safe and healthy.

The poster features a red background with white snowflakes and decorative swirls. On the left, there is a cartoon illustration of Santa Claus in a red suit with white trim, a white beard, and a red hat with a white pom-pom. He is smiling and has his hands outstretched. The text is centered on the right side of the poster.

The Case for Santa Claus

The Case for Santa Claus

Join Mad Science as we take a light-hearted look at many of the abilities attributed to Santa. We will demonstrate that they may, in fact, be scientifically possible. Together we will seek answers to these nagging questions, and more. Questions like:

§ Can he really get down the chimney? Wouldn't a fire in the fireplace hurt him?

§ How could he get back out?

§ Can a sleigh really fly?

§ What about working at the North Pole? Isn't it cold up there?

§ And the really tough one- how about that rapid travel around the world in such a short time?

These, and more, are the subject of experiments in our Mad Science show-

The Case for Santa Claus.

With all your holiday baking, don't forget that you can give us your Best Choice UPC labels for our on-going fundraiser. We receive three cents per label, which enables us to purchase more of those things you want to see us circulate.

We accept ALL Best Choice labels with the exception of the ones from aluminum cans. Sooooo....canned and frozen food, baking ingredients, dairy, pet food and items, cleaning supplies, paper products, and much more!

Feel free to put them in the book drop for your convenience.

Next spring we will host a seed & plant swap just in time for gardening. We hope you can join us!
