Our 3D printer is finally ready for use!

We have 8 colors to select from plus two specialty filaments. One specialty is a anti-microbial that is to be used for things food related. And a "tough" filament for things that need extra strength.

Things to know:

- *Currently we are only printing pre-programmed items.
- *Patrons may only use the printer alongside designated staff and volunteers when they are available.
- *Only patrons in good standing (no outstanding fines or overdue items) may use the 3D printer.
- *3D printing will cost \$1 per job paid as a deposit *plus* \$0.25 per gram to offset the cost of the filament and maintenance of the 3D printer. The patron must pay for the 3D print before it can be turned over to them.

*Before printing, the program will tell you approximately how many meters the print job will use. 1 meter is roughly 3 grams.

*It takes quite awhile to print an object. Most likely it will need to be picked up in the next day or two.

When she stumbles across the ad, she's looking for something else completely. But it seems like too good an opportunity to miss—a live-in nannying post, with a staggeringly generous salary. And when Rowan Caine arrives at Heatherbrae House, she is smitten—by the luxurious “smart” home fitted out with all modern conveniences, by the beautiful Scottish Highlands, and by this picture-perfect family.

What she doesn't know is that she's stepping into a nightmare—one that will end with a child dead and herself in prison awaiting trial for murder.

During 2019 volunteers put in over 400 hours for story times, teen programs, shelving books, putting protective covers on books, and whatever else needed done. This averages to almost 8 hours per week. Kudos to all who volunteer. We couldn't provide all that we do without your help.

We printed a few 3D items to be used as examples of cost.

The tall pencil holder/vase would be \$31.75, turtle pencil holder \$20.75, cookie cutter \$4.75, coffee stencil \$4.50 and the kitty cat is \$3.75.

The vase took approximately 18 hours to print whereas the coffee stencil took 1.5 hours.

New decade, new possibilities for you at the library!
